Team ROD delivers a blueprint for restoration plan for Canadians

It has been more than a year that Covid-19 came to Canada. What began as a health crisis has now become a crisis of confidence, an economic crisis and a crisis for fractured families and churches, whose members struggle to find consensus on the path forward. The survival of freedom itself also is threatened—even in countries like Canada that have long championed freedom at home and around the world. Our brave soldiers in the last century bled and died to protect and preserve the freedoms that we have—up until now—taken for granted. Those freedoms include freedom of speech, freedom of association, freedom of worship... and also the freedom to own and operate a business, freedom to be an employee or an employer, to provide for one's family and to contribute to the economy.

The Notre-dame-de-grace-Westmount community has also suffered the impact of this lack of freedom. We have suffered health and mental health issues, economic havoc.

The CHP platform offers better solutions to move Canada forward:

- **No mandatory covid-19 vaccination**, it only produces more division between the vaccinated and unvaccinated. More inequality among Canadians.

- **Fair tax policy**, with our fair tax act, the product of your labor belongs to you, there is no other better way to raise funds to get your home faster than without our system, when you get to come home with your entire pay cheques and you can save your entire pay cheque with zero taxes taken out of it, that is how you get a home faster.
- **No censorship of opinion**, freedom of speech is the foundation for every freedom.
- **Protect human life at all stages**, babies are the future of our country, among them we have future leaders.
- **END the politics of racial division** that is promoting the culture of offense and identity politics.
- **END reckless deficit spending!** Our deficit keeps increasing!
- **End the CERB payouts** as businesses reopen
- **Begin promoting alternative proven therapies for COVID:** Ivermectin and hydroxychloroquine
- **END the Carbon Taxes...** they drive up the cost of doing business
- **NO vaccine passports...** they will only hinder businesses

Before voting, think about future generation, we would not want them to inherit endless debt as we are spending their money today! Think about our freedom! Vote wisely.
